

U.S. HOUSE OF REPRESENTATIVES
COMMITTEE ON SCIENCE AND TECHNOLOGY

SUITE 2320 RAYBURN HOUSE OFFICE BUILDING
WASHINGTON, DC 20515-6301
(202) 225-6375
TTY: (202) 226-4410
<http://science.house.gov>

March 17, 2009

The Honorable Robert A. Brady
Chairman
Committee on House Administration
U.S. House of Representatives
1309 Longworth HOB
Washington, DC 20515

Dear Chairman Brady:

In accordance with the regulations of the Committee on House Administration, I am submitting herewith three copies of the monthly report of the Committee on Science and Technology for February 2009, including the following:

- A summary of specific programs and investigations;
- A statement of expenses and fund balance;
- A statement of authorized Committee travel expenses; and
- A listing of Committee employees showing their titles, addresses and gross monthly salaries.

This letter also certifies that copies of this report are available to each Member of the Committee.

Sincerely,

BART GORDON
Chairman

BG/lab

MONTHLY REPORT OF THE COMMITTEE ON SCIENCE AND TECHNOLOGY

Full Committee February 2009

Hearings, Mark-ups, Meetings

February 11, 2009 Convened a full Committee legislative hearing on *Electronic Waste: Investing in Research and Innovation to Reuse, Reduce, and Recycle*.

February 25, 2009 Convened a full Committee hearing on *Impacts of U.S. Export Control Policies on Science and Technology Activities and Competitiveness*.

Other Activities

February 2, 2009 Executive Communication 346 received: A letter from the Secretary of Energy, transmitting the Department's report entitled, *2009 Annual Plan*, pursuant to PL 109-58, section 999B(e)(3).

February 4, 2009 H Res 115, a resolution providing amounts for the expenses of the Committee on Science and Technology in the 111th Congress, introduced by Chairman Gordon.

H Res 117, a resolution supporting the goals and ideals of National Engineers Week, and for other purposes, introduced by Mr. Lipinski.

Chairman Gordon submitted the rules of the Committee to the House for publication.

February 9, 2009 Executive Communication 496 received: A letter from the Chair, Barry M. Goldwater Scholarship and Excellence in Education Foundation, transmitting the foundation's Annual Report, pursuant to PL 99-661.

February 10, 2009 H R 957, a bill to authorize higher education curriculum development and graduate training in advanced energy and green building technologies, introduced by Mr. McCaul.

February 11, 2009 Chairman Gordon and Ranking Minority Member Hall testified at the Committee on House Administration regarding the Committee's budget request for the 111th Congress.

H R 554, National Nanotechnology Initiative Amendments Act of 2009, considered under suspension of the rules and passed by voice vote.

H R 631, Water Use Efficiency and Conservation Research Act, considered under suspension of the rules and passed by voice vote.

H R 469, Produced Water Utilization Act of 2009, considered under suspension of the rules and passed by voice vote.

H Res 117, Supporting the goals and ideals of National Engineers Week, considered under suspension of the rules.

February 12, 2009 H Res 117 considered as unfinished business; agreed to by recorded vote, 422-0 (roll no. 64).

February 14-21, 2009 Rep. Baird traveled to the Qatar, Jordan and Israel to discuss science diplomacy and international cooperation at the U.S.-Islamic World Forum and with government officials. In addition, he discussed with Middle Eastern leaders their efforts to bring peace and stability to the region.

February 15-19, 2009 Chairman Gordon traveled to Paris, France, for meetings on electronic waste and cap and trade issues. He also participated in the NATO PA meetings in Paris.

February 24, 2009 H R 1144, a bill to increase awareness of the existence of and to overcome gender bias in academic science and engineering through research and training, and for other purposes, introduced by Ms. Johnson.

H R 1145, a bill to implement a National Water Research and Development Initiative, and for other purposes, introduced by Mr. Gordon.

Subcommittee on Energy and Environment February 2009

Hearings, Mark-ups, Meetings

February 24, 2009 Convened a hearing, *How Do We Know What We Are Emitting? Monitoring, Reporting and Verifying Greenhouse Gas Emissions.*

Other Activities

Meetings and briefings were held with various groups and individuals on subjects of interest to and within the jurisdiction of the Subcommittee:

- Met with representatives from UCLA to discuss their energy research activities.
- Met with representatives from Pacific Northwest National Laboratory (PNNL), Battelle, McBee Strategic to discuss PNNL's energy and environmental research activities.
- Met with representatives from Lewis-Burke Associates, and the University Corporation for Atmospheric Research to discuss research activities at the National Center for Atmospheric Research (NCAR).
- Met with the National Mining Association regarding advanced coal technology R&D needs.

- Met with representatives from Sargas, Inc. regarding advanced coal technology development.
- Met with representatives from Calstart, Volvo, Arvin Meritor on truck legislation.
- Met with National Petroleum Refiners on Ethanol blends.
- Met with representatives of UC Berkeley on Green Chemistry in energy technologies.
- Met with representatives of Proteus Technologies on biofuels.
- Met with representatives of UCB's Center for Occupational and Environmental Health at the School of Public Health to discuss green jobs and green chemistry.
- Met with representatives of EPA to get information on the EPA/DC WASA Green Infrastructure Initiative and discuss ongoing efforts and new plans.
- Met with representatives of the American Federation of Government Employees National Council of EPA Locals to discuss EPA workforce and budget issues.
- Met with representatives from the University of Michigan to discuss the activities of the Michigan Memorial Phoenix Energy Institute.
- Met with representatives of Lawrence Berkeley National Laboratory to discuss bioenergy research at DOE management issues.
- Met with the Secretary of Energy discuss the Department of Energy.
- Met with IECA Industrial Energy Consumers of America about energy and building efficiency.
- Met with representatives of Wolfblock Public Strategies LLC about Unmanned Underwater Vehicle technology.
- Met with representatives of the MBA Polymers on recycling plastics.
- Met with representatives of the American Chemical Society on energy and climate issues.
- Met with representatives of ACEEE on the Department of Energy's Industrial Technologies Program.
- Met with members of Industrial Energy Consumers of America on industrial efficiency.
- Met with the Energy Sciences Coalition, including about 30 representatives of the university and national laboratory community, to discuss the impact of the stimulus and the outlook for continued support of basic research in the years ahead.
- Met with representatives from Digital Village to discuss proposal to improve energy efficiency in libraries.
- Met with representatives from the National Oceanic and Atmospheric Administration (NOAA) Regional Climate Centers to discuss NOAA's Regional Climate Centers Program.
- Met with representatives from Oak Ridge National Laboratory (ORNL) and Battelle to discuss research activities at ORNL.
- Met with representatives from the Coalition for the Commercial Application of Superconductors (CCAS) to discuss superconducting research, development, and demonstration priorities.
- Met with representatives from 1366 Technologies to discuss solar panel manufacturing capabilities.
- Met with representatives from the American Physical Society (APS) to discuss the scope of potential studies that APS will conduct in the near future.
- Met with representatives from the Princeton Plasma Physics Laboratory (PPPL) to discuss DOE laboratory management and research activities at PPPL.
- Met with representatives from Applied Materials to discuss solar and ARPA-E.

- Met with representatives from Eaton Trucks and the Alpine Group on the 21st Century Truck.
- Met with representatives from Berkeley National Lab on energy efficiency in buildings.
- Met with representatives of the American Petroleum Institute on mid-level ethanol blends.
- Met with representatives of the Natural Gas Vehicle coalition on truck bill.
- Met with representatives from Pulaskie Electric, Chattanooga EPB, Tennessee Valley Public Power Association and Morgan Meguire to discuss the recovery package funding for smart grid technologies.
- Met with representatives from Southern Company regarding carbon capture technologies.

Subcommittee on Investigations and Oversight February 2009

Hearings, Mark-ups, Meetings

Other Activities

Meetings and briefings were held with various groups and individuals on subjects of interest to and within the jurisdiction of the Subcommittee:

- Held a discussion with head of small think tank on a study the organization has undertaken on the valuation and monetization of intellectual property and other intangible assets
- Held a discussion with international oil market forecaster and drilling equipment market expert on the varying strategies for the exploitation of petroleum resources embraced by private and by national oil companies
- Held a discussion with the science director of a national non-profit on environmental justice issues and their handling by Federal agencies responsible for the assessment and regulation of toxic substances in the environment
- Held discussion with prominent sociology professor on the background to the results of November's elections and the issues exercising the most influence on the U.S. electorate currently
- Held a discussion with CRS researcher on the intent and goals behind the bailout plan for the U.S. financial services industry and the President's economic stimulus package, the interplay of the two, the likely outcomes of both, and future courses of action for stabilizing and reigniting the U.S. and world economies
- Held a discussion with representatives of an environmental non-profit and of two major corporations on the development of a new refrigerant that contributes less to the greenhouse gas effect than those currently in use as well as the regulatory hurdles to its introduction into the U.S.
- Held a discussion with a CRS researcher on barriers to technological innovation in the U.S. and on the problem ensuring domestic production of technology developed with taxpayers' money
- Held Committee-level roundtable, followed by private discussion, with two leading experts in life-cycle impact assessment on the state of the art in the field, on efforts at coordination

that could increase the potential benefit of this discipline to the environment, and on methods of managing data that might ensure greater accessibility worldwide

- Met with oversight staff for House Education and Labor Chairman George Miller
- Met with National Aeronautics and Space Agency (NASA) officials
- Met with National Science Foundation (NSF) officials
- Met with Honeywell Corporation representatives
- Made contact with the Government Accountability Office (GAO) regarding a FutureGen report and a National Aviation Operations Monitoring Service (NAOMS) report.
- Held a discussion with Inspector General contacts at NSF and the Department of Energy (DOE)
- Met with representatives of the Life Cycle Analysis community
- Met with National Research Council staff
- Met with GAO staff for discussion of ongoing NOAA satellite assignments
- Attended NRC briefing on forensic science report
- Met with Coordination Program Manager for the North Carolina Center for Geographic Information and Analysis
- Sent a letter to several agencies on contractor conflicts-of-interest
- Conducted multiple interviews and briefings in preparation for a hearing on the Agency for Toxic Substances and Disease Registry (ATSDR)
- Held a briefing with the National Academies on a Terror Data-mining Report
- Met with an official from the Department of Homeland Security's Science and Technology Directorate
- Met with Dr. Stephen Beering, Chairman of the National Science Board (NSB), to discuss appointment of new inspector general at the National Science Foundation (NSF) and other NSF management issues
- Negotiated production of documents related to FutureGen from the Department of Energy and the White House.

Subcommittee on Research and Science Education February 2009

Hearings, Mark-ups, Meetings

February 26, 2009 Convened a hearing, *Beyond the Classroom: Informal STEM Education*.

Other Activities

February 11, 2009 Staffed Chairman Gordon during consideration of H R 554, National Nanotechnology Initiative Amendments Act of 2009.

Meetings and briefings were held with various groups and individuals on subjects of interest to and within the jurisdiction of the Subcommittee:

- Attended a briefing on a report from the DOE Basic Energy Sciences Advisory Committee entitled, *New Science for a Secure and Sustainable Energy Future*. The presenters discussed breakthrough research needed to advance a number of energy areas, such as the superconductivity advances needed for an efficient electricity grid based on renewable resources.
- Met with representatives of the Independent Colleges Office regarding undergraduate education.
- Attended National Research Council briefing on national security controls on science and technology.
- Met with representatives from Proteus Environmental Technologies regarding their efforts to facilitate the commercialization of environmental technologies.
- Met with the new director of NCAR.
- Met with the Director of the Board on Research Data and Information at the National Academy of Sciences, on the issues of databases and access for federally funded research data and for published peer-reviewed articles based on those data
- Met with the Executive Director of the Exploratorium, to discuss informal STEM education activities at the museum.
- Attended briefing high performance building caucus briefing on 21st Century Schools: High-Performance Buildings for High Performing Students.
- Met with the Division Director, NSF Division of Science Resources Statistics, to discuss the collection of demographics data in relation to gender equity.
- Met with MIT's Associate Provost & VP for Research, to discuss MIT's concerns regarding cost-sharing and the distribution of stimulus funds.
- Attended staff meeting with White House liaison for the Committee.
- Attended meeting with Rep. Lipinski to discuss subcommittee plan developed for 111th Congress and solicit input regarding the Congressman's interests and agenda for the subcommittee.
- Met with the Director of National Materials Advisory Board at the National Research Council; this board conducts triennial review of NNI program
- Attended a briefing hosted by the Congressional research and development caucus on "The *American Recovery and Reinvestment Act of 2009*, R&D Funding, and Ways to Measure Its Effectiveness: Three Perspectives."
- Met with the Ecological Society of America to discuss their efforts on data sharing and archiving. They have hosted a series of NSF sponsored workshops to explore obstacles and find a pathway forward.
- Met with a representative from NEON for an update on the status of the project and their upcoming MREFC deadlines; they are approaching their last preliminary design deadline and approval with NSF.
- Visited NSF funded Engineering Research Center, Center for Computer-Integrated Surgical Systems and Technology, at Johns Hopkins University. Learned about their industry partnerships as well as the center's diversity strategy to recruit women and minorities.
- Met with representatives of the Association of Computing Machinery to discuss Computing Education.

- Attended briefing entitled, *The Dearth of Women in Academic Science and Engineering: Proactive Strategies for Improvement*; this event was in conjunction with House Diversity and Innovation Caucus.
- Attended NITRD strategic plan public forum; announced that the Committee was working on draft legislation which would implement a number of the PCAST recommendations and would be disseminating the draft soon for comments and input.
- Met with the Chief International Officer at AAAS and the Vice President for Global Engagement at Arizona State University, along with staff from the House Foreign Affairs Committee to discuss the mechanics of a science diplomacy fund out of the State Department that would be coordinated in part by OSTP.
- Met with the Executive Director of the American Institute of Physics, regarding scientific publishers proposal to the Chairman for a Committee-hosted roundtable on public access to scientific literature.

Subcommittee on Space and Aeronautics February 2009

Hearings, Mark-ups, Meetings

Other Activities

- Drafted FAA R&D Reauthorization language which was incorporated into H.R. 915 – *FAA Reauthorization Act of 2009*

Meetings and briefings were held with various groups and individuals on subjects of interest to and within the jurisdiction of the Subcommittee:

- Met with representatives of United Launch Alliance
- Met with representatives of Virgin Galactic
- Met with representative of Japanese embassy re Omi S&T forum invitation for Chairman Gordon
- Met with representatives of Space Propulsion Group, Inc.
- Met with an official of the National Center for Atmospheric Research
- Meeting with NASA's Office of Education and NASA Education staff
- Met with members of the National Academies of Sciences on Export Controls
- Attended the 12th Annual FAA Commercial Space Transportation Conference
- Met with an official from Aeros
- Met with European Space Agency officials
- Met with International Astronautical Federation officials
- Attended Cassini mission breakfast event at National Air and Space Museum
- Meeting with a member of the Coalition for Employment through Exports
- Met with NASA representatives on cost management issues
- Met with NASA representatives on the Honeywell protest of the SCNS contract award
- Attended Washington Space Business Roundtable luncheon

- Spoke to NASA employees as part of their training about Congress through the Government Affairs Institute of Georgetown University
- Attended meeting with representatives of the American Society for Gravitational and Space Biology
- Met with NASA officials on alternative fuel Research
- Met with representatives of the Space Exploration Alliance
- Attended Science Coalition luncheon
- Met with Korean embassy personnel re space policy

Subcommittee on Technology and Innovation February 2009

Hearings, Mark-ups, Meetings

February 11, 2009 Staffed a full Committee hearing on *Electronic Waste: Investing in Research and Innovation to Reuse, Reduce and Recycle*.

February 12, 2009 Convened a hearing on *An Overview of Transportation R&D: Priorities for Reauthorization*.

Other Activities

Meetings and briefings were held with various groups and individuals on subjects of interest to and within the jurisdiction of the Subcommittee:

- Spoke with the Government Accountability Office about their assessment of the Department of Transportation (DOT) R&D activities
- Attended a briefing by Intelligent Transportation Society America and IBM about needed R&D for Intelligent Transportation Systems
- Spoke with the Director of Government Relations at GoodWill about the e-waste bill
- Spoke with a representative of GreenPlug about universal power supplies
- Spoke with a representative of SIMS Recycling Services about the e-waste bill
- Met with a representative of the Silicon Valley Toxics Coalition about solar panel recycling
- Met with a representative of the University of Southern California, the Director of METRANS Transportation Center, about transportation reauthorization
- Met with a representative from Daimler concerning fuel cell vehicles
- Attended a briefing entitled *Improving Patient Outcomes Through High-Performing Health Facilities*
- Attended a briefing hosted by the National Research Council on their prepublication report entitled *Beyond 'Fortress America': National Security Controls on Science and Technology in a Globalized World*
- Held a conference call with the administrator for the Oregon Office of Environmental Public Health; the Intergovernmental Relations Liaison for Oregon's Public Health Division; the Public Health Director, State Health Officer for the State of Oregon; and the Environmental

- Health Specialist in Oregon to discuss Oregon's methamphetamine clean-up status and needs
- Spoke with a representative from WFYI- Indianapolis to discuss their digital television coverage and a comparison of viewer reported reception versus the FCC's predicted reception
 - Met with the National Academy of Sciences to discuss an ongoing project, *Assessing the Research Program of the National Institute of Justice*
 - Spoke with the National Academy of Sciences to discuss an upcoming report *Strengthening Forensic Sciences in the United States: a Path Forward*, and discussed a planned hearing as a result of this report
 - Met with a representative from MBA Polymers to discuss e-waste recycling
 - Attended a briefing concerning the National Science Foundation partnership to advance small businesses
 - Called a former administrator of the Research and Innovation Technology Administration to discuss topics for the upcoming hearing on transportation
 - Attended a briefing by the R&D Caucus on *The American Recovery and Reinvestment Act of 2009, R&D Funding, and Ways to Measure its Effectiveness: Three Perspectives*
 - Spoke with a representative of HP about recycling at HP, their partnership with SIMS in Tennessee, and arranging a visit for the Chairman to the SIMS recycling facility in Tennessee
 - Spoke to Congressman Macintyre's district office about the electronic waste R&D act
 - Met with the Director of the National Earthquake Hazards Reduction Program (NEHRP) about issues for the program's reauthorization
 - Spoke with a representative from E-Copernicus, representing the Consumer Electronics Retailers Coalition, about e-waste
 - Attended a briefing by the National Academy of Sciences on their report *Strengthening Forensic Science in the United States: A Path Forward*
 - Spoke with the National Institute of Standards and Technology (NIST) to discuss the National Academy of Sciences' forensic report, NIST's role in forensic science, and an upcoming hearing on the topic
 - Spoke with a professor from Georgia Institute of Technology about funding for research on electronic waste
 - Spoke with a professor from Yale University about funding for research on electronic waste
 - Spoke with a representative from the DOT Inspector General's Office about work the Inspector General has done evaluating R&D spending at the DOT
 - Met with Congressman Moore's office about the Windstorm Hazards Mitigation program
 - Spoke with a representative of Advance Recovery, an e-waste recycling business in New Jersey
 - Spoke to a representative from Oregon State University about reauthorization of DOT R&D programs
 - Met with a representative of the National Volunteer Firefighters Council about reauthorization of the Assistant to Firefighters Grant (FIRE Grants) program
 - Participated in a panel for the National Association of State and Land Grant Universities and Colleges

- Spoke with a representative from House Homeland Appropriations about the FIRE Grants program
- Spoke with a Professor of Stetson Law School about appearing as a witness for the upcoming Subcommittee hearing on Forensic Sciences
- Met with a representatives of the Seismological Society of America about the reauthorization of NEHRP
- Spoke with the Past President of the American Academy of Forensic Sciences to discuss the possibility of testifying at the Forensic Science hearing
- Spoke with a retired Director of the Office of Forensic Services, New York State Division of Criminal Justice Services to discuss the possibility of testifying at the Forensic Science hearing
- Spoke with the Director of Technical Services of the Virginia Department of Forensic Science to discuss the possibility of testifying at the Forensic Science hearing
- Spoke with a retired Director of the US Secret Services Forensic Science Laboratory to discuss the possibility of testifying at the Forensic Science hearing
